## THE LONDON CLINIC AND NORTHWESTERN MEDICINE ANNOUNCE STRATEGIC COLLABORATION

The London Clinic, the UK's largest independent charitable hospital and Northwestern Medicine have announced a ground-breaking international collaboration. It is a wide-ranging agreement that will accelerate The London Clinic's infrastructure improvements and growth ambitions in the years ahead. The London Clinic will draw on Northwestern Medicine's experience in healthcare innovation, technology and research, alongside operational efficiency. This collaboration will greatly strengthen The London Clinic's long-term position as the leading independent charitable hospital in the UK, defined by patient outcomes and community impact. Learn more about the four key areas of focus [here](#).

## INTRODUCING AHMAD ELSOLH: FIRST NORTHWESTERN MEDICINE INTERNATIONAL REPRESENTATIVE LOCATED IN UAE

To ensure the highest level of care and ease of access for global patients, Northwestern Medicine welcomes Mr. Ahmad ElSolh, our first in-country representative. Ahmad worked with various international entities throughout his time in the United States. He received his initial training with the Cleveland Clinic Foundation in 2013 then moved to Houston, TX to work with the International Department at Baylor St. Luke's Medical Center. Subsequently, he moved to Columbus, OH to establish the international program at Nationwide Children's Hospital. In 2019, Ahmad moved back to the UAE. He can connect patients to Northwestern Medicine care and coordinate training and education opportunities offered by Northwestern Medicine with local medical. He can also initiate conversations with interested parties about Northwestern Medicine's advisory expertise to support efforts such as clinical program set up. Ahmad's goal is to create in country value for GCC governments by expanding service lines and medical capabilities with the help of Northwestern Medicine. Contact Ahmad at [ahmad.elsolh@nm.org](mailto:ahmad.elsolh@nm.org).

## COME SEE US: NORTHWESTERN MEDICINE ATTENDING ARAB HEALTH 2025

Northwestern Medicine will be attending Arab Health 2025 from January 27-30. From personalized patient care to global hospital partnerships, one of the top-ranked hospitals and medical schools in the U.S. is here to serve you. Find our team near the entrance to **Hall 6 at booth number H6.E01**. We will be highlighting our strong collaboration with Lurie Children's Hospital and Shirley Ryan AbilityLab in our shared booth and look forward to talking about our 4 pillars:

1. Patient experience – Elevating the patient experience through personalized support
2. Training & Education – Offering opportunities to learn from our world-renowned physicians
3. Research – Providing access to our latest innovations and breakthroughs
4. Global Advisory & Consulting Services – Partnering to develop clinics, new facilities, and innovative programs
